

Foraco International SA (TSX: FAR) is a leading global mineral drilling services company that provides a comprehensive and reliable service offering in mining and water projects. Supported by its founding values of integrity, innovation and involvement, Foraco has grown into the third largest global drilling enterprise with a presence in 22 countries across five continents.

Main Customers

MINING AND WATER SEGMENTS

Foraco's drilling fleet of 302 rigs includes:

- ✓ 212 diamond drills
- ✓ 62 rotary drills
- ✓ 28 combination drills

COMPREHENSIVE SOLUTIONS

Offering a modern drilling fleet, Foraco offers best-in-class safety standards and a versatile, well-trained international workforce that has been tested worldwide in geologically complex formations and extreme natural terrain, often located in some of the most inaccessible regions of the world. Through extensive international drilling experience, Foraco's expertise specializes in engineering custom drill rigs and specific techniques to meet their customer's exact drilling requirements.

GROWTH STRATEGY

Our strategy is to create a world-leading mineral drilling services company comprehensive and predictable service during the critical phases of mine life: development and production.

In nine years, Foraco has grown from a junior drilling company to a global service provider, tripling its revenue and it is currently ranked 3rd in the world.
